DETAILED ACTION

Allowable Subject Matter

1. Claims 1-3, 5-11, 15, and 22-42 are allowed.
2. The following is an examiner's statement of reasons for allowance:

U. S. Patent No. 6,381,656 to Shankman in view of U. S. Patent No. 6,134,619 to Futral et al. are references teaching the claimed invention. Shankman in combination with Futral et al. discloses a method comprising: registering a performance monitoring driver with a real time operating system of an input/output processor, wherein the performance monitoring driver is coupled to a performance monitoring unit; selecting events within the I/O processor to gather data on; and sending the selected events as a message request from a host processor to the RTOS of the I/O processor; and translating the message request into parameters that are accessible by the RTOS. However, "DECLARTTION PURSUANT TO 37 C.F.R. § 1.131" filed 08/12/2003 indicating that invention disclosed and claimed in the Applicants' patent application was conceived in the United States of America at least as early as March 10, 1999, a filing date of cited prior art of U. S. Patent No. 6,381,656 to Shankman is convinced and accepted by the Examiner.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
